If you would like to order plated entrees from the catering menu for your attending children, the full menu price will be applied.

## *Children's Buffet Pricing*

Children 10 years and under eat for ½ price on all current listed Buffet menus when the number of qualified children is less than 25% of the total buffet participation. Children under 2 years old eat free from buffets only.

When the amount of children attending your event exceeds 25% of the total attendance, a customized menu must be prepared for your event. The half price buffet policy for children 10 years of age and younger does not apply to customized menus with special reduced pricing.
